

# DOWNGRADES FOR HPE OEM WINDOWS SERVER

(Media Kit and Activation Keys)

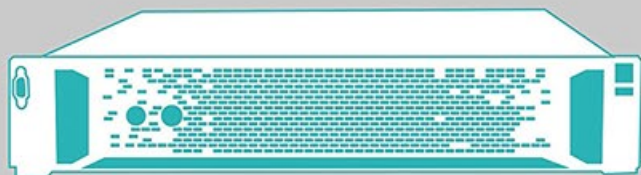

**Downgrades of your Microsoft® Windows Server® OEM license to support legacy application requirements is permitted under your Microsoft Software license and allows for the use of previous versions.**

## HOW TO OBTAIN THE DOWNGRADE KIT?

Hewlett Packard Enterprise (HPE) can fulfill HPE OEM customer requests for media and activation keys in two ways:

### 1 OBTAIN DOWNGRADE WITH SERVER PURCHASE

Purchase an HPE OEM Windows Server license on an HPE ProLiant platform

Request the Downgrade Kit which includes:

**DVD**

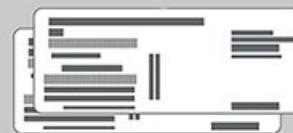

**Activation Key**

### 2 OBTAIN DOWNGRADE AFTER SERVER PURCHASE

Downgrade Media (DVD + Activation Key) or Replacement DVD (Media DVD)

**DVD**

**Activation Key**

1. Complete the form here:

<https://ebiz3.mentormediacorp.com/HPEDGRCR/>  
(Proof or purchase is required)

2. You will be contacted by the Windows Server Downgrade Team to Verify required proof of purchase
